READY, SET, GO ...

For those who have framed photos they would like to do something with, we have been given permission by the ESD to hang them in the hall. You need to furnish hooks and have the lower corners protected. Sticky "foam" is available in rolls from the hardware store for about \$3.50 and should keep the frames from slipping or bouncing. Let's get some pictures up. You can put a tag with your name and phone number, the title of the picture, and a price if you wish to sell on the picture. I generally put a card in the lower corner between the frame and the glass. Bring them on meeting nights to make things easier.

Go in' on a Picnic - Hey, Everybody! Let's go on a picnic

at Wallowa Lake State Park on Saturday, August 21, at 1:00 PM. The picnic spot will be the same place as last year. To get there, make the first right after the bridge as you enter the park. We'll be set up at tables at the end of the road and you should see the banner. The club will provide a main food dish and attendees are invited to bring a side dish or dessert with serving utensils. You may also want to bring along a lawn chair. Arrive early to help set up and stay late to help clean up. The Mug Shot for the Flip Side of the calendar will be taken at the picnic so make sure your "mug" is there.
